

XProTec

20-Way Cable Mapper

P/N 2011337000

- Tests Wire Continuity for Open/Short Conditions and Voltage
- Independently Identifies up to 20 Individual Cables
- Shows Open/Short and Voltage Results with Simple Red Numeric Display
- Auto Power On and Off Function

The XProTec™ line from XFTP is a comprehensive lineup of professional-grade technical tools. These full-featured, field-proven, and easy-to-use tools meet the highest quality standards in the industry, and feature the dependability you expect for complete installation solutions.

Overview

The XProTec™ 20-Way Cable Mapper is a hand-held device designed for CATV and security system installers who test multi-run coaxial cable systems terminated with F-type connectors; coaxial cable runs to a central bundle; or speaker and security alarm cables. It can identify up to 20 terminated cables. With 20 individual remote terminators, it's ideal for mapping networked coaxial installations.

Specifications

Display	High-intensity red LED display to indicate status for each of 20 cables tested
Auto Power On	Automatically powers on when connected to a condition other than an open circuit
Auto Power Off	Powers off after disconnect from cable
Maximum Cable Length	4000' (1219 m)
Maximum DC Cable Resistance	100 Ω
Power	(3) 3V CR2032 Li-Mn "button cell" batteries
Weight	3.2 oz. (91 g)
Dimensions (H x W x D)	4.85" x 1.28" x 0.83" (123mm x 33mm x 21mm)

INCLUDES THE FOLLOWING:

- Batteries
- Alligator clips
- F-type connectors
- Cable terminators (qty. 20)
- User's manual
