Cable Tester with Universal Adapter Kit

- Identifies Electrical Continuity and Traces Cable Runs
- Video, Voice, Data, and Audio Adapters included
- Right Angle Head for Use in Tight Spaces
- Durable Carrying Case

The XProTec™ line from XFTP is a comprehensive lineup of professional-grade technical tools. These full-featured, field-proven, and easy-to-use tools meet the highest quality standards in the industry, and feature the dependability you expect for complete installation solutions.

Overview

The XProTec™ Cable Tester with Universal Adapter Kit is a cable continuity tester with short circuit detector for identifying cables in multi-run installations. The Cable Tester is used to place a DC current through one end of the desired cable to identify the cable at the other end with the Detachable Tone Detector. The device is also equipped with a short circuit detector that is used to determine if a short circuit exists in the cable being tested.

Specifications

Display	Red LED to indicate short circuits for each cable tested
Audio	Tone emitter for cable tracing
Power	(1) 1.5 V AAA Battery
Adapters	(2) F Female to F Male Push-On (2) F Female to F Female (3) F Male to F Male (2) BNC Male to F Type Female (2) BNC Female to F Type Female (2) BNC Female to F Type Male (2) RCA Male to F Female (2) RCA Female to F Male (2) RJ-11 Male to F Male Push-On (2) RJ-45 Male to F Male Push-On

INCLUDES THE FOLLOWING:

- Cable Tester with Short Circuit Detector
- Detachable Tone Detector
- F, RCA, BNC, RJ11, and RJ45 Cable Adapters
- Carrying Case
- "AAA" 1.5 V Battery
- User's manual
