The XProTec™ line from XFTP is a comprehensive lineup of professional-grade technical tools. These full-featured, field-proven, and easy-to-use tools meet the highest quality standards in the industry, and feature the dependability you expect for complete installation solutions.

## Overview

The XProTec™ Laser Level / Stud Finder is the perfect two-in-one laser level and stud sensor with level and plumb vials. This tool projects a horizontal laser level line up to 20 feet and can detect wood and metal studs in a normal scan (up to ¾" deep) and deep scan (up to 1-½" deep). It can also detect live AC wiring through walls.

It's ergonomically designed for comfort and grip and features easy key pad operation, mounting holes for hands-free convenience, auto power off and low power indication. The XProTec Stud Finder / Laser Level comes ready to use with a 9 Volt battery.

## Specifications

Power	9 Volt battery
Dimensions (H x W x D)	8.27" x 2.17" x 1.26" (210mm x 55mm x 32mm)
Weight	0.51 lb (230 g)

### SPECIAL FUNCTIONS:

- Normal and deep scan modes
- Detects hidden AC wiring
