

XProTec

Ultrasonic Distance Meter

P/N 2011334000

- Measurement Range From 2 to 52 Feet
- Measures Distance, Area, and Volume
- Data Memory Function
- Auto/Manual Power Off
- Backlit LCD Screen

The XProTec™ line from XFTP is a comprehensive lineup of professional-grade technical tools. These full-featured, field-proven, and easy-to-use tools meet the highest quality standards in the industry, and feature the dependability you expect for complete installation solutions.

Overview

The XProTec™ Ultrasonic Distance Meter is the perfect tool for linear measurements, and is ideally suited to quickly determine the area or volume of a room. This unit measures distances in a straight line, from 2 to 52 feet, by transmitting ultrasonic waves to a measurement point. It measures the time it takes the waves to reflect and then calculates the distance.

This advanced ultrasonic measurement system comes equipped with a built-in laser to target distances accurately and has a built-in calculator to add multiple distances and calculate area and volume. The XProTec Ultrasonic Distance Meter can store up to 5 measurements in memory and displays the measurements in English or metric units. The XProTec Ultrasonic Distance Meter comes ready to use with a 9 Volt battery and a carrying case.

Specifications

Measurement Range	1.65' to 52.5' (0.5 m to 16 m)
Accuracy	±1%
Response Time	2 seconds
Operational Temperature	0° to 40° C (32° to 104° F)
Operational Humidity	45 to 90% relative humidity
Power	9 Volt battery
Weight	0.42 lb (192 g)
Dimensions (H x W x D)	3.35" x 2.76" x 0.79" (85mm x 70mm x 20mm)

SPECIAL FUNCTIONS:

- Measures distance, area, and volume
- Calculator adds multiple distance measurements
- Laser sight
- Auto power off
- Backlit LCD screen
- Stores up to 5 measurements
- Displays U.S. Customary (standard) or metric measurements

INCLUDES THE FOLLOWING:

- Carrying case
- User's manual
